

Area Health Education Centers (AHECs)

The AHECs (Area Health Education Centers) recruit, train and retain a health professions workforce committed to underserved populations by bringing the resources of academic medicine to address local community health needs. The strength of the AHEC Network is its ability to creatively adapt national initiatives to help address local and regional healthcare issues.

Fifty-nine AHEC programs and more than 257 centers operate in 48 states, 2 territories and the District of Columbia* Approximately 120 medical schools and 600 nursing and allied health schools work collaboratively with AHECs to improve health for underserved and under-represented populations. For a list of all AHECs visit <http://bit.ly/ahecdirectory> or <http://www.nationalahec.org>.

* HRSA Data Warehouse, 3/25/2011, <http://bit.ly/ahecdirectory>

AHECs Trained to Provide CE for Health Professionals on Behavioral/Mental Health of Veterans/Service Members & Families
